But now a new phenomenon, radical transparency , the availability of complete information about all aspects of a product s history, is about to transform the power of consumers and the fate of business. Ecological Intelligence shows you: Why a T-shirt that claims it is 100 organic cotton may be in fact no such thing; Why it s good to buy tulips from Kenya and wine from France; and, That even the type of shampoo you use could affect the future of the planet. Knowledge is power. By discovering how to tune your eco intelligence, Daniel Goleman shows, you can make better decisions, and a better world.
