

Science: Student Text: Hm Learning Study Skills Program

By hm Group

Rowman & Littlefield Education. Paperback. Book Condition: New. Paperback. 128 pages. Dimensions: 10.7in. x 8.1in. x 0.4in. Science: Grades 7-10 Science learning and study skills are strategies and methods for solving problems of any sort. Specific skills include interpreting charts and graphs, using scientific measuring tools and learning the scientific method, but a student who gains mastery of these has really discovered how to learn effectively in any situation. Instead of isolating these skills, the hm Program also provides instruction in energy production and use issues of vital importance as we enter a new millennium and gain a more global understanding of our environment. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

Great electronic book and useful one. Better than never, though I am quite late in starting to read this one. You can expect to like the way the author composed this ebook.
