This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

MODERN ORGANIZATION: AN EXPOSITION OF THE UNIT SYSTEM (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Modern Organization: An Exposition of the Unit System The chapters assembled in this volume appeared originally in The Engineering Magazine as a series of articles which ran from January to July, 1912. They were prepared by Major Hine by invitation of the Editors of the Magazine, as a comprehensive definition of his philosophy of management, ample enough in space and scope to permit a complete unfolding of his doctrine and practice. That philosophy, as expressed in the unit system of organization directed toward promoting efficiency in operation in one of the great engineering industries, has been applied on a scale of magnitude approached perhaps by but one other example in recent experience. Its success was declared with conviction in specially informed circles; but outside of a rather closely specialized audience, the characteristics of Major Hine s work had not been effectively presented until these articles appeared. The ideas embodied are so fundamental, and so certain to exercise a lasting influence upon the ideals and form of industrial organization, at least in certain fields, that there is patent demand for the assembly of the several parts in a single complete group and their perpetuation in the more permanent form of a bound volume.
