Reviews

This book is fantastic. This is certainly for all those who statte there had not been a really worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Prof. Dale Fahey MD)

X-RAY: SEE THROUGH THE WORLD AROUND YOU

Goodman. 1 Paperback(s), 2013. soft. Book Condition: New. Using security scanners and x-ray machines, Nick Veasey creates images that reveal a startling intricacy in everyday objects, animals, and plants from an x-rayed Boeing 777 to the elaborate geometry of an MP3 player's circuit boards, and the graceful structure of a translucent daffodil. His images have been featured in the New York Times, the Guardian, the Sydney Morning Herald, and Die Zeit. Working in a lead-lined studio, Veasey makes x-ray exposures on film, scans them at ultra-high resolution, and then uses a computer to compose and embellish the images, a process that can take weeks or even months, but whose results speak for themselves. 224.
