Filesize: 1.89 MB

Reviews

An extremely wonderful book with perfect and lucid explanations. This really is for those who statte that there had not been a worth reading. Your way of life span will be convert when you comprehensive reading this book.

(Effie Douglas)

A PORTRAIT OF THE GULF STREAM: IN PRAISE OF CURRENTS

The Armchair Traveller at the Bookhaus. Paperback. Book Condition: new. BRAND NEW, A Portrait of the Gulf Stream: In Praise of Currents, Erik Orsenna, The long term future of the Gulf Stream is now under threat; the Arctic ice is melting and the fear among oceanographers is that the cold water will not sink in the Norwegian Sea, thus switching off this transatlantic heat conveyer. Northern Europe would then freeze, and this apparent paradox - that global warming could bring about a new european ice age - seems to have caught the popular imagination. Orsenna explores the Gulf Stream, its past and its future, both in celebration and in lament of its possible demise.
